# You42 / Brand Standards / Logo Clear Space

#### **Clear Space Rules**

This diagram illustrates the minimum amount of space surrounding the logo. To ensure consistency, space is calculated in "X" spaces (a square equal in height to the lower section of the You42 logo in that layout). Although there is no such thing as a You42 logo that is too large, we recommend a minimum width of 1" in size. Please use caution when scaling down any of the logos in the brand family.

Minimum size 1"

# You42 / Brand Standards / Icons

#### **Clear Space Rules**

The You42 icon is our secondary mark and is typically used in mobile interfaces, app icons and infographics. The icon should be used sparely and only when the primary logo cannot be utilized.

#### **Icon Variations**

Variations of the icon are permitted when legibility concerns arise. These variants are particularly useful on backgrounds of extreme value (light & dark).

# You42 / Brand Standards / Logo on White

#### Logo on White

The You42 black logo should be used on lighter backgrounds in order to improve legibility.

#### **Personalized Logo**

Capturing the culture and lifestyle of "The Hopeful" target demographic (see brand story) the You42 image style features a variety of candid, in-the-moment photographs. The primary images should be division related; music, video, words, sports and games.
